

Discovery Quest

13th - 17th April

L.Q. How would you design a Van Gogh themed Easter egg.

Use what you have learned about artists using colour and techniques to design your own Easter egg. You could design your Easter egg with Van Gogh's sunflowers, or with 3D shapes, or you could use the Pop Art style you learned in class.

If you are able to print, you can use the template below, however if you are not able to print you can draw your own egg on paper and design it.
