

# Year 6

W.B 1<sup>st</sup> June

Dear Year 6 and parents/carers,

Hope you have all had a lovely half term break and enjoyed the sunshine!

At school we are very busy making all the necessary arrangements for children to return to school and to return to school safely. We really do need you to keep looking on the school's website for all of the most up to date information about the school re-opening. The guidance that we need to follow changes daily, unfortunately. In the meantime, we will continue to put work on the website for you to complete (I will still be putting on the White Rose Maths sheets <https://whiterosemaths.com/>) but as more children return to school then we will start to reduce the number of tasks.

We will still be able to answer questions/concerns via email and we will still like you to email, to us, work that has been completed and any other creative things that you have been doing. The week before half term Finley set up an obstacle course in his back garden and then filmed himself completing it, which he emailed to us. Well done Finley. We have been in contact with a number of secondary schools, and I know that visits will not be taking place this term, but the schools that we have been in contact with have informed us that they will be sending out letters to you. Walsall Academy for example, are hoping to film aspects of the school and send the video out to the children who are attending there in September.

Keep a look out on the Home Learning Page for the next chapters of 'The Lion, the Witch and the Wardrobe'!

Our next Discovery Quest topic is going to be the Mayans, so feel free to get a head start on anything you can find out about them before the start of the topic and share it with us!

We hope you are all staying safe and enjoying the family time.  
All the best,

Miss Oliver and Miss Stewart
