Mrs. Ellen Taylor
BEd (Hons), NPQH
Headteacher

7th September 2022

Dear Parent,

This letter is to warmly welcome you and your child into Year 6. You will have both of us teaching Year 6 this year. I will be teaching the maths and Miss Stewart will be teaching the English. There are lots of things to get excited about this year, for example Manor Adventure, Swimming and the continuation of music.

Some of the topics that the children will be covering early in the autumn term are: The Romans, Weather and Climate (DQ topics) and Animals & Living Things and Evolution & Inheritance (Science).

Year 6 is a very important year and the children are expected to work hard and achieve well. They will be set weekly homework tasks to complete and will be given other opportunities to extend their learning at home with you. In order to support your child further, it is advantageous to read regularly with your child at home. The children will also be set weekly spellings and multiplication facts to practise, at home, in preparation for a test on a Friday. Not only practising multiplication and division facts, it will be extremely beneficial for your child to continue completing addition, subtraction, multiplication and division questions.

Also joining us in year 6 will be Mrs Williams and Mr Buttery.

Please feel free to come in and see us after school to answer any questions that you may have about this year or alternatively you are welcome to email us.

Many thanks,

Miss A Stewart
